#### A. TERMS OF USE

1. The Contribution will be published in the Journal, provided that the Contribution is properly cited, the use is non-commercial and no modifications or adaptations are made.

2. The Contributor may make use of the submitted and peer reviewed versions of the Contribution prior to publication, provided that the final Contribution is cited appropriately as set forth in paragraph F below. Nothing herein shall permit dual publication in violation of journal ethical practices.

3. Owner reserves the right to require changes to the Contribution, including changes to the length of the Contribution, as a condition of acceptance. Owner reserves the right, notwithstanding acceptance, not to publish the Contribution if for any reason such publication would in the reasonable judgment of Owner, result in legal liability or violation of journal ethical practices.

#### B. RETAINED RIGHTS

The Contributor or, if applicable, the Contributor's Employer, retains all proprietary rights in addition to copyright, such as patent rights in any process, procedure or article of manufacture described in the Contribution.

#### C. LICENCE TO PUBLISH

#### D. CONTRIBUTIONS OWNED BY EMPLOYER

If the Contribution was written by the Contributor in the course of the Contributor's employment (as a "work-made-for-hire" in the course of employment), the Contribution is owned by the company/institution which must execute this Agreement (in addition to the Contributor) in the space provided below. In such case, the company/institution hereby grants to Owner, during the full term of copyright, a non-exclusive license of all rights of copyright in and to the Contribution for the full term of copyright throughout the world as specified in paragraph C above. For company/institution-owned work, signatures cannot be collected electronically and so instead please print off this Agreement, ask the appropriate person in your company/institution to sign the Agreement as well as yourself in the space provided below, and email a scanned copy of the signed Agreement to the Journal editor. For editor contact details please visit the Journal's online author guidelines.

#### E. COPYRIGHT NOTICE

The Contributor and the company/institution agree that any and all copies of the Contribution or any part thereof distributed or posted by them in print or electronic format as permitted herein will include the notice of copyright as stipulated in the Journal and a full citation to the Journal as published by Owner or by a third-party publisher contracted by Owner.

#### F. CONTRIBUTOR'S REPRESENTATIONS

The Contributor represents that the Contribution is the Contributor's original work, all individuals identified as Contributors actually contributed to the Contribution, and all individuals who contributed are included. If the Contribution was prepared jointly, the Contributor has informed the co-Contributors of the terms of this Agreement and has obtained their permission to execute this Agreement on their behalf. The Contribution is submitted only to this Journal and has not been published before, has not been included in another manuscript, and is not currently under consideration or accepted for publication elsewhere. If excerpts from copyrighted works owned by third parties, to include figures and graphics, are included, the Contributor shall obtain written permission from the copyright owners for all uses as set forth in the Creative Commons license and show credit to the sources in the Contribution. The Contributor also warrants that the Contribution and any submitted Supporting Information contains no libelous or unlawful statements, does not infringe upon the rights (including without limitation the copyright, patent or trademark rights) or the privacy of others, or contain material or instructions that might cause harm or injury. The Contributor further warrants that there are no conflicts of interest relating to the Contribution, except as disclosed. Accordingly, the Contributor represents that the following information shall be clearly identified in the Acknowledgements section of the Contribution: (1) all financial and material support for the research and work; (2) any financial interests the Contributor or any co-Contributors may have in companies or other entities that have an interest in the information in the Contribution or any submitted Supporting Information (e.g., grants, advisory boards, employment, consultancies, contracts, honoraria, royalties, expert testimony, partnerships, or stock ownership); and (3) indication of no such financial interest if appropriate.

G. USE OF INFORMATION

The Contributor acknowledges that, during the term of this Agreement and thereafter, Owner may process the Contributor's personal data, including storing or transferring data outside of the country of the Contributor's residence, in order to process transactions related to this Agreement and to communicate with the Contributor. By entering into this Agreement, the Contributor agrees to the processing of the Contributor's personal data (and, where applicable, confirms that the Contributor has obtained the permission from all other contributors to process their personal data). Owner shall comply with all applicable laws, statutes and regulations relating to data protection and privacy policy. ## SUBMISSION CHECKLIST

Please work with your team to ensure that each of the following items has been addressed prior to submitting this agreement with your final draft. **Initial and date each section when complete.** These are commonly omitted or overlooked requirements that can prevent publication or create problems when formatting and printing your manuscript.

Initial/Date	Requirement
	The graphics for each of our figures have been uploaded to our Supporting Files directory as high resolution TIFF, PNG, JPEG, or PDF files. There's a link to the Supporting Files directory in the footer of the manuscript.
	We've tightly cropped each of our graphics to remove any surrounding white space and have confirmed that the resulting files have a minimum resolution of 1200 dpi.
	All text in our figures has been rendered using a 6 point (2.12 mm) or larger font to ensure that the information is legible in the digital and print copies of the journal.
	If any of our graphics were derived from commercial or other potentially copyrighted sources, such as BioRender.com or a public website, we've received written permission from the owners to use the graphics in our BioTreks publication.
	If we've included a video with our manuscript, it's been saved as a MOV, MPEG4, MP4, AVI, WMV, MPEGPS, or FLV file in our Supporting Files directory.
	All our tables are rendered directly in Google Docs using the application's table functions and not included as images.
	All our literature references are formatted in the APA style and listed in alphabetical order at the end of the manuscript.
	We've confirmed that each of our figures, tables, and references is cited at least once in the text of our article. Furthermore, all in-text citations have a figure, table, or reference associated with them.
	We've responded to all reviewer comments by briefly explaining how we incorporated their suggestions into our manuscript. If we decided not to include a reviewer's suggestion in our paper, we explained why we've not done so.
